

THIS IS YOUR CHANCE TO SEE

# MARK SHEPARD

*Restorative Farmer*  
*for only \$10*

THURSDAY OCTOBER 2  
6:30 pm - 8:30 pm

Mark will give an overview of his design concepts as well as providing basic information on how to utilize agriculture with multiple crops in the same space, which mimics the diversity of natural ecosystems, and avoiding large stands of single crops or monoculture. This includes multi-cropping, intercropping, companion planting, beneficial weeds, and alley cropping. While raising more than one species of plant or animal at the same time and in the same place.

It will be a great and fun way to spend an evening. You can be sure you will leave with something that will change the way you look at your farm, your backyard landscape and your life. **See you there!**

**Steckle Heritage Farm**  
811 Bleams Rd., Kitchener, Ontario, N2E 3X4
